## EDUCATION

### Middlesex college

*Intended BS Data Science, transfer to Univeristy*

September 2024 - December 2024

*Edison, New Jersey*

### Dallas Northlake college

*Computer Science associate's Degree*

June 2022 - December 2023

*Irving, Dallas*

## EXPERIENCE

### Bright Paths Academy

*Bootcamp Certificate*

October 2022 - March 2023

*Irving/Plano, Dallas*

- Selected for a coding Bootcamp, formed from the collaboration between DevMountain, Strayer University's Hackbright Academy, and Perficent.
- An immersive, hands-on training in a variety of programming languages and tools used to build modern web applications.
- Learning about front-end technologies such as HTML, CSS, and JavaScript, as well as React. Also delved into databases, APIs, and other essential tools used by full stack developers.

### Manara Academy Volunteer

*Teacher assistant*

August 2021 - May 2022

*Irving, Dallas*

- Selected to serve as a teacher's assistant for a beginner coding class, demonstrating strong coding and leadership skills.
- Mentored and guided students through coding exercises and projects using the CodeHS platform.
- Assisted students with troubleshooting and debugging basic coding problems.

## PROJECTS

### Devmountain: Full-Stack Web Application with Frontend/Backend

November 15 - January 31

- Developed a responsive, multi-page web application using JavaScript, with seamless navigation between different sections.
- Implemented dynamic data display and filtering features allowing users to interact with and sort large datasets.
- Applied advanced techniques for adaptive design, ensuring consistent user experience across various devices and screen sizes.

### Hackbright: Full-Stack Game Application using Node.js, Express, and PostgreSQL

October 31 - November 11

- Developed a full-stack game application using Node.js and Express, implementing RESTful API principles for seamless client-server communication.
- Designed and managed a PostgreSQL database to store questions and user responses, ensuring efficient data retrieval and integrity.

## RELEVANT SKILLS AND ACHIEVEMENTS

**Languages:** Java, Python (basic), SQL (basic), JavaScript, HTML/CSS

**Frameworks/Tools:** React, NodeJS, Git, JSON, Express, AWS

**American Council on Education Certified Foundations Certificate**
